The School Year Care Program is a compliment to the school day, giving children a safe place to relax, develop friendships and social skills, and discover interests. - **School District In-Service Days**

On the school district calendar, there are days listed as holidays or in-service days when children do not have school, but the buildings are open.

Mt. Lebanon Extended Day Program makes every effort to provide care for the children when school is not in session, but the buildings are open. On these days, we provide an option for care for the children from 7:00 a.m.- 6:30 p.m. We refer to these as “Long Days”. Long Days are not included in your contracted hours and are billed separately. We often plan special theme activities for Long Days. Sign-up sheets and plans for Long Days will be on the parent table a few weeks before and will have deadlines to sign up for care. Your child will not be able to drop in for Long Day care, they must be signed-up by the deadline.

Staffing, snack and supplies are planned according to the sign-up sheets, so once you sign up for care, you will be billed for the long day even if your child does not attend.

There are times throughout the year; Thanksgiving, Winter Holidays, and Spring Break when the district closes the schools and we are not able to provide care.

- **District Early Dismissals**

Occasionally, school will be dismissed earlier than usual. On these days, MLEDP will be open at dismissal time. Parents whose children regularly attend on the early dismissal days are required to sign their child up for care so that we can anticipate staffing needs. We do not bill for the extra time on these days. Unfortunately, due to staffing and space limitations, we are not able to add any children who are not scheduled that day.

Our Schedule Calendar of Typical, Long, and Closed Days is available here:

PROGRAM INFORMATION

- **Absences**

If your child will be absent on a day they are scheduled to attend, please email or call your child's MLEDP Center by 3:00 PM on the day of the intended absence. Please note that tuition is non-refundable and based on scheduled attendance, regardless of the number of days the child attends the program.

What if I forget to notify MLEDP that my child will be absent? If we do not receive notice that your child will be absent on a day that they are scheduled to attend, you will be charged a \$25 failure to call off fee. Afternoon dismissal is hectic and children who do not report to us when they are scheduled to do so, alarm everyone. If we have not received notice of absence, and the child does not report to the program, we will attempt to locate the child in the building during afternoon dismissal. We will then attempt to contact the child's parent and/or emergency contact. If we are unsuccessful contacting the parent or emergency contact, we will notify the Mt. Lebanon Police. We cannot allow children to go anywhere but to the program if they are scheduled to be with us and we have not been notified by a parent or authorized guardian. We must enforce this policy for the safety of all the children.

- **Behavior and Discipline**

Children are expected to:

1. Follow program rules
2. Participate appropriately in planned activities within a group of 12 children and 1 staff member
3. Communicate with staff members and other children

4. Cooperate with transitions in activities and locations and adapt to schedule changes
5. Stay within the activity area and not wander away from the group
6. Be cooperative in highly stimulating situations
7. Follow staff directions
8. Respond appropriately to a variety of staff members
9. Treat others with respect
10. Play cooperatively with other children
11. Behave in a manner that does not pose an unsafe situation for themselves, other children, or staff
12. Be independent for personal care needs such as washing hands and toileting

What if my child has difficulty meeting the program's expectations? MLEDP maintains inclusion and suspension policies that support OCDEL's (Office of Child Development and Early Learning) announcements. These policies include the following procedures:

- Treating all children as individuals
- Including children with differing abilities within our programs
- Encouraging parent meetings to discuss each child's individual needs
- Participating in specialized staff trainings
- Participating in IEP team meetings
- Developing behavioral plans for the child if necessary
- Maintaining open communication with families.

If your child cannot meet the program expectations independently, then we are happy to meet with you, and your child's Treatment Team if applicable, to determine the best course of action for the child. We may be able to tailor the program in some way, including the development of a behavioral plan, to accommodate your child's needs. Parents may be able to secure the assistance of an aide or TSS in order to participate in the program. For some children, even the addition of an aide or a TSS is not effective in helping the child to meet program expectations. In this case, an alternative program may be more appropriate for your child until he/she is able to acquire additional skills. If your child has an Aide or TSS, please contact our Main Office to set up a meeting so that our staff and your child's support staff can make sure to be working together.

Disruptive Behavior:

When conflicts develop between children, program staff will listen to the children, and help to resolve the conflict through effective communication.

Children must be respectful of other children, teachers and program property. Examples of serious conflicts may include, but not limited to the following:

- A child presenting danger to others or self.
- A child unable to conform to the program's rules.
- A child showing disrespect to other children or teachers.
- A child showing disrespect to other people's property.
- A child whose behavior is disruptive to the group and whose behavior demands an inappropriate amount of the staff's attention.

How will serious or continued conflicts be handled?

Serious conflicts will be handled in the following incremental manner:

- A child may be asked to choose a different activity or be placed in a different group. The child may also be asked to discuss the conflict with the teacher and other children involved.
- If the conflict continues, the parent may be contacted to pick up the child from care.
- A conference with the child's guardians can be scheduled to discuss options for solving the conflict.
- If the conflict still exists and the staff considers it irresolvable and detrimental to the program or to other children, the parents will be directed to remove the child from the program.
- Serious conflicts, as determined by the director, may be handled by immediately directing the parents to remove the child from the program.

Program Suspension & Termination

A child's participation in the program may be terminated if:

- The health appraisal is not returned.
- Behavior is chronically disruptive or poses a danger to the child, to others, or to the program.
- The child is not able to follow direction within our small group environment and requires more one on one assistance.
- The tuition is not paid

When Dropping Off or Picking Up at our centers
Please use the designated parking areas
Turn off your car
Do not leave children unattended in your car

- **COMMUNICATION**

MLEDP does most parent communication via e-mail. Please make sure that you have an up-to-date e-mail address on file with MLEDP. The ProCare App may occasionally be used for emergency text messages from the office to the parent. It is a one-way notification system. Parent notifications or inquiries should be addressed via email or phone. We are unable to reply to parent messages via the app.

Also, because we send mass messages, our e-mails often get caught in spam filters. To ensure you are receiving our messages, please add kids@mledp.org to your address book.

Parent Surveys: MLEDP conducts an annual on-line parent survey so parents can share feedback and suggest future changes. We encourage your participation in the survey.

Regulatory Standards: MLEDP is regulated by the Dept. of Human Services Chapter 3270. You can review the standards at:

<https://www.mledp.org/parent-resources/mledp-regulations>

Emergency Procedures: In the event of an emergency at any MLEDP center, we will send an email to let you know about the emergency and the action taken. We will also send a text via the ProCare app. We will send an additional correspondence, if necessary, when we've resolved the situation and it's safe for you to pick up your child. Please ensure that only those persons designated on your emergency contact form attempt to pick up your child during an emergency. Our emergency plan is located on our website at:

<https://www.mledp.org/parent-resources/mledp-emergency-operations-plan>

● HEALTH AND SAFETY

Medications: Prescription medication will be given to a child only if the medication is in the original bottle bearing the child's name, the doctor's name, a current date, and directions for administration. The parent must sign a medication log authorizing the staff to dispense the medication. Non-prescription medication will be given to a child only if accompanied by written instructions and written consent from the parent. Prescription and non-prescription medications cannot be expired.

Individual Care Plan: If your child has a medical or behavioral care plan, MLEDP is happy to work with your family and the prescribing doctor to determine how we can best support the plan.

Attendance Policy for Illness or School Absence

Parents may NOT send a child to the program if:

- The child has a strep throat which has not been treated by an antibiotic for a minimum of 24 hours

- The child has impetigo that has not been treated by an antibiotic for a minimum of 24 hours.
- If a child is diagnosed with a contagious disease, the child will require a statement from the doctor indicating that the disease is no longer communicable upon return to the program.
 - If the child was absent from school due to any illness they cannot attend MLEDP.

Parents MAY send a child to the program if they were absent from school for personal reasons.

A child may only attend MLEDP during their contracted hours.

- Appearance of acute illness or complaint of severe pain.

A staff member will notify the parent of a child's illness. If a parent cannot be reached, the child's emergency contact will be notified to pick up the child. It is expected that the child will be picked up as soon as possible. Until the parent arrives the child will be excluded from activities with other children and will rest quietly under the supervision of a staff member.

If your child will need to leave early for an activity, they will need to be signed out by an adult. If you are not able to come early and sign them out, please arrange for an adult (Age 16+) to sign them out.

*Often times the teacher/parents/adult in charge of the activities at the school are willing to do this. It is also common that more than one child will be going to an activity that's being hosted at the school.
